*Situation in Ukraine*

Very Dear and Very Illustrious Sister, Very Dear and Very Illustrious Brother,  
Very Dear Sister, Very Dear Brother,

Since a few days now, an absurd war has been ravaging Eastern Europe. The Freemasons of LE DROIT HUMAIN are moved by this. Their ideals lead them to condemn all forms of violence and to commit themselves to peace and human solidarity. They have the hope that Reason will finally triumph.

The Sisters and Brothers of the International Order of Freemasonry for Men and Women LE DROIT HUMAIN are united in their solidarity with all the victims of this conflict. Today, their thoughts turn in particular to their Sisters and Brothers in Russia, who oppose this war and dissociate themselves from their country's policy.

The Grand Master of the Order

Daniel BOLENS
